Subject: Nammo Talley Land Status

## Hi Anthony,

Our tribal liason, Chuck Swanson, contacted BIA in regards to the land ownership status for the land adjacent to the Nammo Talley site. BIA indicated that the land is held in trust for the benefit of the SRPMIC. The SRPMIC acquired the land on July 3, 1990 from the State of Arizona under authority of Pub. Law 100-544, 102 Stat. 2724, Oct 28, 1988. BIA also sent us the attached copies of acquisition patents from State of Arizona and P. Law 100-544. For additional assurance, BIA indicated that they will check federal title records as well as records with Maricopa County to confirm the land in trust status is appropriately reflected. Let me know if you have any questions.

By the way, I received the CD today with the 2011 Soil Sampling and Bedrock Investigation as well as other Talley documents. I will review and

then set up a call with you, probably some time next week.

Thanks! Cynthia
